## Coaches

Coaches from our coaching “pool”, in addition to experience from senior or youth facilities in clubs, already have an enviable experience of working on the first 5 editions of our camp. We combine the knowledge and experience of top senior coaches and the energy and passion of junior coaches.

## Conditioning

Top fitness trainers educate participants about injury prevention methods through a program of specific exercises adapted to the age of the participants and basketball as a sport.

---

## Skills and Mentality individual workout (additional option)

Our participants also have the opportunity to share the floor with active professional basketball players! For the past 2 years at the camp, all participants had the opportunity to go through the “Skills & Mentality by Rok” program prepared and implemented by Rok Stipčević. Rok shared his experience on the European floors and demonstrated his method and methodology of training. New surprises await you this year with the additional option of individual work with a personal trainer.
